

A&C TRANS COMPANY INTERNATIONAL

Moving forward together.

SHORT HISTORY

Our company was established in 2006 and its main activity is the transportation of goods using both owned and subcontracted vehicles, for both domestic and international routes, utilizing all means of transport:

- box trucks
- tarpaulins
- specialized vehicles for the transport of hazardous goods (ADR)
- garment carriers
- oversized cargo carriers.

OUR COMPANY

MISSION AND VISION

We provide efficient solutions for the transportation of goods and ensure that the goods arrive on time, anywhere in the world, under safe conditions.

A&C Trans Company International

WHAT WE OFFER

A&C Trans Company International offers its customers comprehensive logistic services: international freight road transport with complete truckload and groupage cargo, customs brokerage, warehousing and storage, domestic transport with full truckload and groupage, oversized cargo transport.

TEAM

The company's personnel have extensive expertise in logistics operations and supply chain management, and we can provide all the necessary answers to organize or implement a transportation strategy in EU and CIS countries.
